At Tamo Limited we have our workshop where we test the valves and equipment prior to shipping to our clients and we also build and test Panels, Test Rigs and complete Systems for our clients.

We offer a custom service for Valves and Instruments so the product is set up by us to our client's specification ensuring the best possible operation and cost management.

We offer a Kitting/Outsourcing services as part of overall supply service so we can arrange for parts to be shipped to the most demanding of J.I.T. systems.

We back all this up by being Q.A. certified by the BSI EMEA to ISO 9001:2000.

So if you need Valves, Pressure Switches, Gauges, Sensors, Level Gauges and Switches, Flow Switches or Meters, Pressure Regulators or Flow Regulators Tamo Limited can meet your needs and supply them in a package that best suits your needs.

On the following page you will find a list of contact details for Tamo Limited should you wish to discuss your supply needs with us in via phone , e-mail or in person. We will be happy to arrange a visit to your offices or welcome you to ours so we can offer you our complete attention.
